The Life Policies
of the Grand Old

Pacific Mutual

are just as unique as this cut. Just think of a 20 payment life policy guaranteed paid-up in 15 years, or of a 15 payment policy guaranteed paid-up in 12 years. This guarantee is backed by \$20,000,000 more than the security given by any other life insurance company. Policy provides increasing insurance yearly as well as liberal loans and surrender value either in cash or paid-up insurance. It provides also for automatic extended insurance; in other words, more insurance for the same money, or the same insurance for less money than given by any other company on earth.
